W Cabinet

# Sunón

Sunon's W cabinet made technological innovations about traditional cabinets, gave up gaudy decorations and set eyes on its functionality. Orderly scattered back cabinets, file cabinets, short cabinets, and tea cabinets create a powerful, accessible and human-centered working ecosystem.

Good file cabinets should be capable of storage, document management and making the space beautiful.

### President's Space: Elegant and Exquisite

High cabinet of walnut color paired with grey glass door, sedate yet elegant; semi-open storage design makes it easy for you to see at one glimpse what's on the shelf; z-shaped banding double strengthens the cabinet, creating stereo visual effect. The masterly technique and unworldly quality of back cabinet highlight its user's taste in work and life.

**Metal Edge, Simple Design**

With aluminum alloy and grey glass elements, presence of the frame is weakened, and the high cabinet becomes more simple yet visually agile. 1.5mm ultra-thin aluminum alloy frame enhances the intensity and bending resistance of the door panel, effectively preventing the deformation of door panel.

### Tea Cabinet: Stereoscopic Fence, Rounded Corner

Tea cabinet is a must in reception and for high tea. Finished with matte formaldehyde-absorbent paint, it has clear wood grains and a mellow touch. The symmetrical division of four parts perfectly holds your sundries. The design of the stereoscopic fence is an extension of the space, and will protect objects on the surface from falling down. The 45°-rounded edges and corners will prevent you from getting hurt.
